5.45 o'clock p.m.

The Honourable the Administrator of the Province entered the Chamber of the Legislative Assembly and took his seat upon the Throne.

Mr. Speaker addressed His Honour in the following words:—

"May it please your Honour:

The Assistant Clerk then read the titles of the Bills that had passed as follows:—

To these Acts the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"In Her Majesty's name, the Honourable the Administrator doth assent to these Bills".

Mr. Speaker then said:—

"May it please your Honour:

We, Her Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government, and humbly beg to present for Your Honour's acceptance a Bill entitled, 'An Act for granting to Her Majesty certain additional sums of money for the Public Service for the fiscal year ending the 31st day of March, 1982 and certain sums of money for the Public Service for the fiscal year ending the 31st day of March, 1983'."

benevolence and assent to this Bill in Her Majesty's name".

The Honourable the Administrator was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of the Legislative Assembly:

I am pleased to address you on this occasion, and to review some of the activities of the Second Session of the Thirty-Second Parliament of Ontario.

The major issues for Ontario, as for all other Canadian jurisdictions over the past year, have been centered on the economy. The priorities of reducing inflation and expanding employment opportunities for our citizens have dominated our national and provincial public agenda. Accordingly, the emphasis in the Treasurer's May budget was on creating jobs and restoring a climate of confidence in the Ontario economy.

The \$171 million job creation program which the Government announced at that time, and which had been expected to create some 31,000 jobs in the 1982/83 fiscal year, has exceeded its target to help those hardest hit by unemployment. The program is now expected to cost \$176 million and to date has created some 40,290 jobs.

In November 1982, the Government announced a new \$150 million job creation program which will create nearly 38,000 new jobs in Ontario and will ease the burden of unemployment over the Winter and Spring of 1983.

To assist the recipients of General Welfare Assistance, Family Benefits and GAINS, who are among the most severely affected by the current economic downturn, a special Recession Package of \$52 million was introduced last Fall. For example, benefits for single 60 - 64 year old women were increased by 39.3 per cent over their November 1981 level.

The 1982 budget also contained measures that demonstrated the Province's commitment to public sector restraint and fiscal responsibility. Salary increases for top Civil Servants and Members of the Legislature were to be held to six per cent. With respect to direct provincial programs, the Government announced a thorough-going analysis for trimming expenditures and enhancing efficiency. In these and similar ways, the budget prepared the ground for the more comprehensive public sector Wage and Price Restraint Program that has been embodied in Bill 179.

While economic matters dominated this Session of our Legislature, progress was also achieved in a number of other important areas.

The Ontario Human Rights Code which was proclaimed in June 1982, now protects the rights of disabled people in all areas of daily life, including

employment, education and housing, as well as underlines our continued commitment to protecting individuals against discrimination.

An Assistive Devices Program which began on July 1, 1982, was designed to financially assist young people 18 years of age and under and their families, with the cost of medically necessary equipment and supplies. In the first six months alone, just under 5,000 families have been assisted.

My Government has taken a major step to protect our school children and their families from the spread of dangerous diseases by the introduction of the Immunization of School Pupils Act. With further emphasis on the protection and safety of our children, my Government also introduced, on November 1, 1982, the first phase of the two-phase Child Restraint Legislation.

We are also pleased that during this Session we completed our review of Planning Legislation in Ontario. The new Planning Act introduces a number of significant changes to the planning process and we are confident that with this new Act, the Province of Ontario will have legislation and a resulting planning system that is second to none.

Honourable Members, it is evident from this brief review of your activities, that your efforts in meeting the demands under such difficult economic pressures have been considerable and I commend your sense of duty and perseverance.

Au nom de notre Souveraine, je vous remercie.  
In our Sovereign's name, I thank you.

Je declare cette session prorogée  
I now declare this Session prorogued.

The Government House Leader then said:—

*Mr. Speaker and Members of the Legislative Assembly:*

It is the will and pleasure of the Honourable the Administrator that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.

5.56 p.m.

RODERICK LEWIS, Q.C.,  
Clerk of the Legislative Assembly  
of Ontario.

Further to the public meeting advertised in THE ONTARIO GAZETTE of December 11, 1982 and held on January 14, 1983 the Board has adopted the following Policy Statement with respect to the issuance of non-permanent operating authorities.

020/83-02-23

## POLICY STATEMENT

### ITEM:

Procedures for issuing non-permanent authorities pursuant to the *Public Commercial Vehicles Act* and the *Public Vehicles Act* of Ontario and the *Motor Vehicle Transport Act* (Canada).

### OBJECTIVE:

To provide an efficient, equitable and flexible system for considering applications for special, temporary and interim authorities.

### COMMENT:

The Board issues three (3) types of non-permanent operating authority as follows:

1. *Special Authority* is granted for a period of up to seven days. It is normally applied for by telegram or telex but the Board may act upon any written request. The Minister has delegated to certain members of the Board his power to issue such an authority under Section 6 (4) of the *Public Commercial Vehicles Act* and Section 5 (6) of the *Public Vehicles Act*.
2. *Temporary Authority* is applied for on the standard application form and must be accompanied by affidavit evidence from the shipper(s) requiring the service. The authority normally provides that it will expire at the end of a specified term or upon a specified day and contains language providing for its earlier cancellation upon the determination by the Board that an existing licensed carrier is in a position to provide the service or that the service is no longer required.
3. *Interim Authority* is also applied for on the standard application form and must be accompanied by affidavit evidence from the shipper(s) requiring the service along with an application for permanent authority. An interim authority termi-

nates when a decision is rendered on the application for permanent authority or, similar to the temporary authority, upon the determination by the Board that an existing licensed carrier is in a position to provide the service or that the service is no longer required.

### STATEMENT:

The Board will issue a non-permanent operating authority if it is satisfied that it has received a request to meet an urgent need to provide a service that no currently licensed carrier is able to provide.

### *Special Authority*

Applications for special authority are normally applied for and issued or denied by means of telex or telegram, although they may be requested and the decision may be issued in any written form. Such applications are considered in Chambers without public notice but copies of decisions are posted on the Board's Bulletin Board on the 10th Floor at its Offices at 151 Bloor Street West, Toronto.

These authorities usually involve specific moves and are issued for a maximum period of seven days but may be renewed to a maximum of twenty-one days to accommodate an emergency of such duration or to allow additional time for the filing and disposition of an application for temporary or interim authority. To be eligible for a special authority the legislation requires that the applicant be the holder of a current operating licence.

### *Temporary and Interim Authority*

Applications for Temporary or interim authority are normally considered without hearing or public notice. They are made on the standard application form and must be identified as a temporary or interim application and be accompanied by affidavit(s) from the shipper(s) requiring the service and the normal application fee.

The affidavit(s) should outline:

- (a) the reasons for the urgency;
- (b) the product and the volume of the product to be transported;
- (c) the steps taken by the shipper to ascertain what authorized carriers, if any, are available to perform the service; and
- (d) the rate to be paid.

The Board may:

- (a) deny the application;
- (b) issue a certificate; or
- (c) request further information.

Once the application has been received a copy will be posted on the Board's Bulletin Board. Opposition may be filed with respect to such application within seven days of its posting and should indicate that an offer to provide the required service has been made to the shipper. The opposition and notice may be in the form of a telex, telegram or letter and a copy must be served on the applicant.

The Board will set aside a day each week at 9.00 a.m. for the consideration of submissions made with

respect to applications for which opposition has been filed during the previous seven days. Submissions may be entirely or partially in writing and need not be sworn.

In special circumstances the Board may order that a particular application may be heard at a specific time and place other than the regular hearing and notice shall be given to those who have filed opposition.

The sitting panel may:

- (a) deny the application;
- (b) issue a certificate; or
- (c) adjourn the hearing.

Opposition to an application received after the seven day period but prior to the issuance of a decision on the application may be heard at the next subsequent weekly meeting.

Opposition to an application filed with the Board after a certificate has been granted may be heard by the Board as soon as reasonably possible at a time and place to be set by the Board. Notice of the hearing will be given to the applicant and the respondents by telex or telegram and posted on the Board's Bulletin Board. The Ontario Trucking Association or the Ontario Motor Coach Association will also be notified of the hearing.

If no opposition is filed within the seven day period the Board may proceed to issue or deny the application in Chambers.

### *Special Circumstances*

The Board may also issue non-permanent authorities in special circumstances; for example, where the issuance of such an authority will permit the continuation of a service previously provided by the applicant under an operating licence, (see Board Policy Statement No. 004/79-8-2 'Renewal of a Public Commercial or Public Vehicle Operating Licence').

EFFECTIVE DATE: May 30, 1983.

C. I. DAVILA (MRS.),  
Secretary.

## PART II

PROCEDURES WHERE NOTICE OF  
DEFAULT ISSUED

5.—(1) Where a notice of intent to issue a warrant is given to a defendant under clause 70 (3) (c) of the Act, the defendant shall be given written notice that the defendant may undertake to pay the fine in default by means of credits for work performed by the defendant under the program by entering and undertaking and delivering it to the court within fifteen days of the date on which notice of intent was given.

(2) The written notice under subsection (1) shall inform the defendant of the time and place where the defendant may attend to enter an undertaking to pay the fine in default by means of credits for work performed.

(3) Subsection (1) does not apply to a notice of intent to issue a warrant which is given in respect of a fine for which the defendant has previously been given written notice that the defendant might undertake to pay by means of credits for work performed.

(4) Notwithstanding subsection (1), the failure to give written notice in accordance with this section does not affect the validity of a warrant of committal issued under subsection 70 (3) of the Act. O. Reg. 142/83, s. 5.

6.—(1) A defendant who has been given written notice under subsection 5 (1) and who wishes to undertake to pay the fine in default by means of credits for work performed shall attend upon the agency named in the notice, at the time and place specified in the notice, and sign a completed undertaking within fifteen days of the day on which the notice was given.

(4) The director shall give the completed undertaking and one copy thereof to the defendant.

(5) The defendant shall deliver or cause to be delivered the completed undertaking to the court within fifteen days of the day on which notice of intent to

issue a warrant was given in respect of the fine in default.

(6) Where the director has indicated that the agency can accommodate the defendant in the program, and the completed undertaking has been delivered to the court in accordance with subsection (5), a justice shall, unless an order is made under subsection (10), extend the time for payment of the fine to the day specified therein for completion of the work or the day permitted by subsection 9 (3), whichever is sooner.

(7) Where the completed undertaking is not delivered to the court in accordance with subsection (6) and the defendant has not appeared to be heard under clause 70 (3) (c) of the Act, the court may proceed to issue a warrant of committal under subsection 70 (3) of the Act.

(8) Where the director has specified a day for completion of the work that is earlier than the day permitted by subsection 9 (3) and which the defendant alleges is unreasonable in the circumstances and the defendant has delivered the undertaking to the court, the defendant may apply to a justice for an order establishing a day for completion of the work that the justice considers to be reasonable in the circumstances.

(9) An application under subsection (8) shall be filed with the clerk and the clerk shall arrange for a hearing in accordance with subsection 15 (1).

(10) Where an application has been made under subsection (8), the justice, following a hearing, may order that a day later than the day specified by the director be substituted for the day specified by the director but the substituted day shall not be later than the date specified by subsection 9 (3) and the justice shall extend the time for payment of the fine to the day specified in the order. (4) Where an application has been made under this section, the justice, following the hearing, may order that the defendant be admitted to the program where the justice is satisfied that,

- (a) the defendant is able to perform work which is immediately available in the program; and
- (b) there is a reasonable likelihood that the defendant will complete the work required to pay the fine,

and the order shall include the day by which the defendant must commence the work and the day by which it must be completed, which day shall not be later than the day permitted by subsection 9 (3), and the justice shall extend the time for payment of the fine to the date specified in the order.

(5) Where a justice refuses to make an order under subsection (4), the justice shall inform the defendant that the defendant may make submissions as to why a warrant of committal should not be issued as a result of default in payment of the fine. O. Reg. 142/83, s. 7.

### PART III

#### PROCEDURES WHERE WARRANT OF COMMITTAL ISSUED

8.—(1) Where a warrant of committal has been issued under subsection 70 (3) of the Act and the defendant has not been taken into custody, the defendant may attend at the office of the agency in the Fine Option District and enter an undertaking to pay the fine in default by means of credits for work performed.

(2) A defendant to whom this section applies shall sign a completed undertaking and shall forthwith apply in person to a justice for an order that he or she be allowed to enter the program.

(3) An undertaking under this section,

(a) shall be in Form 2;

(b) shall relate to only one fine;

(c) shall be supplied by the agency and completed by the defendant with the assistance of the director.

(6) The defendant shall deliver the completed undertaking to the justice at the time the defendant makes the application referred to in subsection (2).

(7) Upon receipt of an application under this section, the justice shall set a day and a time for a hearing and shall cause notice of the day, time and place of the hearing to be given to the defendant, the director and

the crown attorney at least two days before the hearing.

(8) Where an application has been made under this section, the justice, following the hearing, may order that the defendant be admitted to the program where the justice is satisfied that,

(a) the defendant is able to perform work which is immediately available in the program; and

(b) there is a reasonable likelihood that the defendant will complete the work required to pay the fine,

and the order shall include the day by which the defendant must commence the work and the day by which it must be completed, which day shall not be later than the day permitted by subsection 9 (3), and the justice shall extend the time for payment of the fine to the day specified in the order.

(9) A defendant who has been taken into custody under the authority of a warrant issued under subsection 70 (3) of the Act may not apply for an order under subsection (1).

(10) Where an order has been made extending the time for payment of a fine, a justice shall order that a warrant of committal issued as a result of default in payment of the fine to which the order applies be returned forthwith to the court for cancellation.

(11) Where an order has been made under subsection (10), the clerk shall transmit a copy of the order to the police force to which the warrant was directed.

(12) A warrant of committal that has been ordered returned under subsection (10) remains in force until it is returned to the court and cancelled by a justice. O. Reg. 142/83, s. 8.

### PART IV

9.—(1) The number of hours of work to be performed by a defendant under the program shall be determined by dividing the amount of the fine in default by the hourly rate.

(2) The hourly rate shall be the minimum wage, established under clause 9 (1) (h) of Regulation 285 of Revised Regulations of Ontario, 1980, on the day when the defendant enters the undertaking, or where an order is made under section 7 or 8, on the day on which the order is made.

(3) Subject to subsections (4) and (5), where a defendant has undertaken to pay the fine in default by means of credits for work performed, the work to be performed shall be completed by a day that,

(a) where the number of hours is less than twenty-five, is not later than thirty days;

- (b) where the number of hours is twenty-five or more but less than 125, is not later than sixty days;
- (c) where the number of hours is 125 or more but less than 250, is not later than 120 days; or

10.—(1) A defendant may apply to a justice for an order extending the time to complete the work required to be performed under the program by filing an application with the clerk and, where an application is filed, the clerk shall arrange for a hearing in accordance with subsection 15 (1).

(2) The director shall deliver to the court upon or before the day set for the hearing a record of the work that has been performed by the defendant in accordance with the defendant's undertaking.

(3) Where an application has been made under subsection (1), the justice may order an extension of the time for completion of the work and payment of the fine if, following a hearing, the justice is satisfied that the defendant, through no fault of the defendant, is unable to complete the work before the date to which the time for payment has been previously extended under the program. O. Reg. 142/83, s. 10.

11. Notwithstanding that a defendant has undertaken to pay a fine in default by means of credits for work performed, no proceeding commenced under subsection 69 (1) of the Act in a court of competent jurisdiction is affected thereby. O. Reg. 142/83, s. 11.

12.—(1) When the work to be performed under an undertaking has been completed, or when the defendant indicates to the director that the defendant wishes to pay the balance of the fine in money, the director shall certify the number of hours of work performed by the defendant pursuant to the undertaking and shall give a copy of the certificate to the defendant.

(2) The defendant shall deliver or cause to be delivered to the court the director's certificate of the number of hours of work performed by the defendant pursuant to the undertaking.

(3) Where a justice is satisfied that the defendant has earned a sufficient number of credits to pay the fine in default in full, the justice shall order that any permit, licence, registration, or privilege which, as a result of default in payment of the said fine had been cancelled or suspended, or ordered not renewed or not issued, shall be reinstated or may be renewed or issued, as the case may be, subject to any other order affecting the reinstatement, renewal, or issuance of the permit, licence, registration, or privilege.

(4) Except where otherwise provided by law, where an order has been made under subsection (3), the clerk shall transmit a copy of the order to the appropriate officer or public official.

(5) Where a justice is satisfied that the defendant has earned a sufficient number of credits to pay the fine in full, the justice shall endorse the certificate or the information accordingly, and where a certificate of default has been filed under subsection 69 (1) of the Act, shall direct the clerk to file a certificate of payment in the appropriate court, upon which the certificate of default is discharged, and where a writ of execution has been filed with the sheriff, the clerk shall file a certificate of payment with the sheriff, upon which the writ is cancelled.

## ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 148/83.

Exemption—Ministry of Transportation  
and Communications—MTC-51.

Made—March 3rd, 1983.

Approved—March 3rd, 1983.

Filed—March 15th, 1983.

### ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

#### EXEMPTION—MINISTRY OF TRANSPORTATION AND COMMUNICATIONS—MTC-51

Having received a request from the Ministry of Transportation and Communications that an undertaking, namely:

The activities of:

(a) acquiring property for, designing and implementing transit facilities on an alignment from Highway 6 in the City of Burlington in the west, to Walkers Line in the east, in a corridor south of a line 500 m north of the more northerly of the QEW and Highway 403 and north of a line 500 m south of the Toronto-Hamilton CNR main line,

(b) acquiring property for, designing and implementing transit facilities on an alignment from Walkers Line in the City of Burlington in the west, to the eastern boundary

of the Town of Oakville in the east, in a corridor south of the QEW and north of a line 500 m south of the Toronto-Hamilton CNR main line,

- (c) acquiring property for, designing and implementing transit facilities on an alignment from Petticoat Creek in the Town of Pickering in the west to Thornton Road in the City of Oshawa in the east, in a corridor south of a line 500 m north of Highway 401 and north of a line 500 m south of the Toronto-Montreal CNR main line,
- (d) upgrading existing transit facilities on existing rights-of-way between the GO Transit Stations of Oakville and Pickering, and
- (e) developing and implementing the transit technology for the Inter-Regional Rapid Transit System as per the Provincial initiative announced in October, 1982,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Minister of Transportation and Communications that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The residents of the areas to be served by the undertaking would be interfered with by the time required to properly plan the undertaking under the Act.
- B. The estimated cost of the Inter-Regional Rapid Transit System, 4.69 billion 1983 dollars (\$4,690,000,000.) would be unduly increased by the cost of obtaining an approval under the Act.
- C. Employment opportunities which will arise out of the construction of the undertaking and the provision of equipment for it, would be delayed by obtaining approval, thus resulting in harm to unemployed residents of Ontario.
- D. Landowners who wish to have their lands developed and who are awaiting the provision of such facilities as will form part of the undertaking to make such development economic, would be faced with delays in the economic development of their lands if an approval had to be obtained under the Act.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned, in accordance with the advice received from the Minister of Transportation and Communications, is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The undertaking is located largely within or adjacent to existing highway or railway transportation corridors.
- B. The undertaking might provide needed transportation facilities and employment opportunities in accordance with good planning principles.
- C. The undertaking may demonstrate the use of innovative transportation facilities.
- D. The Ministry of Transportation and Communications is unable to prepare an environmental assessment in sufficient time to obtain an approval by the date it requires in order that construction can begin in 1984.
- E. The exemption may eliminate the delay which would be entailed in the Ministry of Transportation and Communications making a choice of modes of transport in the corridors described in paragraphs (a) to (c) above or elsewhere in the areas where the technology referred to in paragraph (e) may be used, if it were necessary to document the reasons for such choice in an environmental assessment.

This exemption is subject to the following terms and conditions:

- 1. This order does not apply to any activity referred to in clause *a* in the description of the undertaking after January 1, 1985, unless construction of that part of the undertaking has been commenced prior to that date.
- 2. This order does not apply to any activity referred to in clause *b* in the description of the undertaking after January 1, 1985, unless construction of that part of the undertaking has been commenced prior to that date.
- 3. This order does not apply to any activity referred to in clause *c* in the description of the undertaking after January 1, 1985, unless construction of that part of the undertaking has been commenced prior to that date.
- 4. Prior to carrying out any construction activity referred to in paragraphs (a) and (b) or (c) or (d), pursuant to this exemption order, an Environmental Status Statement covering the planning, design and construction of the works proposed to be located in the corridors described in paragraphs (a) and (b) or (c) or (d), as the case may be, shall be prepared.

The statement, shall be filed at least 30 days prior to the commencement of construction by the Minister of Transportation and Communications with the Director of the Environmental Assessment Branch of the MOE for placing in the public record.

5. Paragraph (e) of the description of the undertaking does not permit the construction of facilities using the new technology referred to in paragraph (e) except for test purposes and along the corridors described in paragraphs (a) to (c).
6. This order does not apply with respect to any activity which is approved under the Act. O. Reg. 148/83.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 196/83.  
Exemption—Corporation of the Township of Sydenham—SYDE-TP-1.  
Made—March 24th, 1983.  
Approved—March 24th, 1983.  
Filed—March 31st, 1983.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—CORPORATION OF THE TOWNSHIP OF SYDENHAM—SYDE-TP-1

Having received a request from the Corporation of the Township of Sydenham, that an undertaking, namely:

the activity of constructing, operating and maintaining a water supply and distribution system, for the Hamlet of Leith, located in Parts of Lots 32, 33 and 34, Concession A, Township of Sydenham,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The residents of the hamlet will be forced to continue to depend on existing antiquated water systems which experience interruption in supply, and deteriorating water supplies.
- B. The homeowners in the area could be exposed to a serious threat to the public health and safety because of the potential for

failure of the existing water systems and because of bacterial contamination of the existing water systems.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proponent advises that the environmental effects of the construction and operation of the water works are expected to be limited and not adverse.
- B. The proposed watermains will be constructed in close proximity to existing road allowances in the Hamlet.
- C. The proponent advises that the residents of Leith have been consulted about the project and residents have indicated their approval for both the project and cost financing.
- D. The pump house is located in a rural area and located 215 feet from the nearest residence. Construction operations would only pose short term disruption to the people living in the area.
- E. The small building housing the control equipment would be designed to conform to the natural characteristics of the area.
- F. The proponent advises that the residence owners near the pumphouse have been consulted and agree with the proposal.

This exemption order is subject to the following terms and conditions:

- 1. All formal reports in regard to the undertaking shall be filed at the Township offices for review by the general public.
- 2. Construction activities within the water environment, Georgian Bay, shall be scheduled and implemented in consultation with the Ministries of Environment and Natural Resources.
- 3. This exemption will expire on August 31, 1984. O. Reg. 196/83.

## ANNUAL REPORT

JANUARY 1st, 1981 TO DECEMBER 31st, 1981

### SECTION 178.22 CRIMINAL CODE

Pursuant to Section 178.22 (5) of the Criminal Code of Canada, the following is a Report for the period January 1st, 1981 to December 31st, 1981, relating to the authorizations for which Agents specially designated in writing by me for the purposes of Section 178.12 of the Criminal Code have made applications and the interceptions made thereunder.

As in previous years I have not designated any police officers for the purpose of making emergency applications. All applications for authorizations have been made by senior Crown Law officers who have been designated by me for the purpose pursuant to Section 178.12.

Section 178.22 (3) (b) of the Criminal Code requires me to set forth a general assessment of the importance of the interception of private communications for the investigation, detection, prevention and prosecution of offences against the Criminal Code of Canada.

This is the seventh Annual Report tabled during my tenure as Attorney General. In previous years I have included comments of the major police forces and Crown Attorneys, and have expressed my own views as to the importance of this investigative device in the enforcement of our criminal law.

The following brief comment submitted to me by one of my Senior Crown Law Officers is worthy of inclusion in this year's report:

"The ability to lawfully intercept private communications has continued to be one of the most important investigative techniques available to law enforcement officers. In the past year, as in years past, there have been a number of cases which have been successfully prosecuted primarily on the basis of intercepted communications. Were it not for the ability to lawfully intercept private communications, these offences would not have been brought to the attention of law enforcement agencies."

In the past years I have given my comments not only on the legislation itself but also on the statistical aspects of the report. Although these comments are still valid, I shall not repeat them in full as recourse may be had to previous reports.

However, I feel that I should summarize briefly in regard to some of the statistical areas.

1. The number of authorizations granted has again decreased from a high of 237 in 1978 to 202 in 1979, to 185 in 1980, and 1981 saw a further decrease to 149.
2. Although no applications for authorization were refused by the Courts this year I am satisfied that this is due to the very stringent screening by senior police officers and my Agents before an application is made to a Judge. The majority of other provinces also report no refusals.
3. We feel that *all* authorizations are granted subject to certain terms and conditions, and have reported the number of applications made subject to terms and conditions as being the same as the number of applications granted.

4. The number of Notifications, informing the person that he has been the subject of an interception, is not necessarily the same as the total number of persons listed under sections (d) and (e) of these statistics. The same person may be listed under all three subsections of sections (d) and (e) where an authorization contains multiple offences.

5. Most charges which arose as a result of authorizations granted in 1981 are still before the Courts or have not yet come before the Courts. As a result, the number of resultant convictions appears comparatively low. This will be updated in the 1982 Report.

6. Where authorizations were obtained which were in effect "renewals" and were related to the same persons and the same investigation, duplicate figures were not reported as this would give a distorted statistical view. For example, if four authorizations were related to the same investigation and the same four persons were named in each authorization and, for example, if four convictions were obtained, these were not reported as sixteen persons and sixteen convictions, but rather as four persons and four convictions.

7. A study of the Project Summarization forms submitted by our largest police force would indicate that of the fifty-eight authorizations granted, twenty-one were interrelated and in several cases two or more authorizations were taken out in relation to the same investigation as some changes in the authorization would preclude obtaining a renewal, such as, for example, the addition of a name. Although this cannot be said to be common with other forces that obtain fewer authorizations, this factor should be taken into consideration when assessing the number of authorizations granted. Thus, in this particular case, although fifty-eight authorizations were granted, these were obtained in relation to thirty-seven investigations.

8. With particular reference to sections (k)—(number of persons arrested) and (l)—(court proceedings where evidence adduced and resultant convictions) the following should be taken into consideration:

- (i) Section 1 (ii) refers to the numbers of "proceedings" (court) that resulted in a conviction, not the number of "persons" convicted. The actual number of persons convicted is proportionate to the number of persons arrested;
  - (ii) The discrepancy between the number of authorizations obtained and resultant convictions is explained in item 5 (not yet before the courts) and 7 (several authorizations in relation to the same investigation) above.
9. Publication of this report is purposely postponed for one year from the end of the reporting year in order that as many court proceedings as possible may be included.

Exemption—Municipality of Metropolitan Toronto.

Made—January 27th, 1983.

Approved—January 27th, 1983.

Filed—April 13th, 1983.

## ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MUNICIPALITY OF  
METROPOLITAN TORONTO—MERO-1/2

Having received a request from The Municipality of Metropolitan Toronto that an undertaking, namely:

The activity of the establishment of the 245 acre Keele Valley Landfill Site, within a total site area of 928.5 acres located on Pt. Lots 21 to 28 inclusive, Concession 3, Town of Vaughan, Regional Municipality of York, all as indicated on Marshall Macklin Monaghan Limited Plan No. 15-78-027, including any necessary additional lands and interests in lands, for the disposal of domestic, commercial and non-hazardous solid industrial wastes.

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Metropolitan Corporation would be subject to delay and expense if it were required to submit the undertaking to an environmental assessment and to further delay and expense if a hearing was required.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. Provisional Certificate of Approval No. 230610 dated September 12, 1980 was issued to Crawford Allied Industries Ltd. and Superior Sand, Gravel & Supplies Ltd., as owners, and W.M.I. Waste Management of Canada Inc., as operator, for the use and operation of an approximately 99.2 hectare (245.0 acre) waste disposal (landfilling) site, as indicated on Marshall Macklin Monaghan Limited Plan No. 51-80-147, within a total site area of approximately 375.9 hectares (928.5 acres) located on Pt. Lots 21 to 28 inclusive, Concession 3, Town of Vaughan, Regional Municipality of York for the disposal of domestic, commercial and non-hazardous solid wastes. The Certificate of Approval was issued subject to some nineteen conditions following two lengthy hearings under the Environmental Protection Act before the Environmental Assessment Board and the Environmental Appeal Board and a comprehensive analysis by the Ministry of the Environment.

B. The use of the disposal area for landfill purposes was approved by the Council of the Town of Vaughan by its adoption of Official Planning Amendment No. 121 adopted on October 20, 1980, which amendment was approved by the then Minister of Housing on April 15, 1981.

C. The establishment of the Keele Valley site by the Metropolitan Corporation for landfill purposes is subject to the approval of the Council of the Town of Vaughan under section 66 (3) of the Municipality of Metropolitan Toronto Act and the approval of the Council of the Regional Municipality of York under section 169 (2) of the Regional Municipality of York Act.

D. The present owners and proposed operator have received the approval of the Town of Vaughan and have entered into a formal contract with respect to the operation of this site for landfill purposes. The Regional Municipality of York has tentatively agreed with the present owners and proposed operator for the operation of the site subject to the finalization of a formal agreement in that regard.

E. No useful purpose would be served by conducting an environmental assessment process or further hearings on the suitability of the Keele Valley site for landfill purposes.

F. The establishment of the Keele Valley site by the Metropolitan Corporation would secure sufficient landfill capacity to serve the needs of Metropolitan Toronto and surrounding area in public hands.

This exemption order is subject to the following terms and conditions:

1. Where an activity which otherwise would be exempt under this Order, is being carried out in connection with, or is part of, an undertaking for which an environmental assessment has been done and approval to proceed received, the activity shall not be exempt under this order but shall be carried out in accordance with the approval to proceed.
2. This exemption shall terminate if the site is not acquired by the Metropolitan Corporation prior to December 31, 1983.
3. This exemption order does not apply to significant changes in the methods of establishment, or operation of the site from those approved in Certificate of Approval No. A 230610. O. Reg. 215/83.

3. Where a board appointed under section 70 of the Act operates a school in a centre for the treatment of cerebral palsy, a crippled children's treatment centre, a hospital or a sanatorium and provides instruction therein for pupils whose fees are receivable from a source, the fee for such a pupil shall be calculated by

b. the pupil accommodation charge,

except that where the pupil is enrolled in a high cost program as defined in section 6, such greater amount may be increased by an amount which takes into account the additional cost to the board of providing such program.

5. that provides the instruction and the board from which or the party from whom the fee is receivable except that, in the case of a pupil registered in a program referred to in clause 6 (1) (d), the factor shall not be greater than 1.21.

(3) Subsection 2 applies, with necessary modifications, to secondary school pupils.

(4) Where a pupil to whom section 5 applies is registered in a high-cost program, the maximum fees payable in respect of such pupil shall be determined by multiplying the maximum fees under section 5 by a factor to be agreed upon between the board that provides the instruction and the party from whom the fees are receivable.

(5) Where under this section the board that provides the instruction and the other board or party concerned cannot agree upon a factor, the factor shall be determined by three arbitrators, one arbitrator appointed by the board that provides the instruction, one arbitrator appointed by the board from which or the party from whom the fee is receivable and one arbitrator appointed by the Minister, and the decision of the arbitrators or a majority of them is final and binding upon the board that provides the instruction and the other board or party concerned.
